vision report is presented to the United Way yesterday by Mrs. Joyce Schrader,

(Pres CHAIRMAN Harold R. Fischer of the United Way Business Divi-sion, speaking at Wednes-

# Drive at \$366,000

With a number of pledge cards still to be solicited, the Tri-Cities Area United Way announced yesterday.

The amount pledged so far is 91.5 per cent of the basic goal of \$400,000. A total exceeding the basic drive objective is being sought due to the verified needs of local community services for local community services. The fall 1973 campaign to provide part of the 1974 operating funds for 18 local agencies is continuing. A report session has been set for 4:30 pm. Wednesday, Oct. 31, at the YAY of precise completion date had been set for the drive, which began Sept. 35, but efforts had been made to have most potential contributors contacted by yesterday.

Because many cards are

not yet accounted for, division chairmen are urging group leaders, solicitors and company campaign leaders to finish their tasks and submit cards to the United Way office by the end of this week or an addition of campaign solicitation, it was noted at yesterday's report luncheon that increased adherence to fair-share giving will be necessary if the goal is to be met.

fair-sure accessing the goal is to be met.

A screening committee will meet tomorrow to review all pledge cards and determine where additional funds may be available.

'In too many cases we are receiving the same as last year or reductions.' Executive Secretary Pete Nasir related. 'Last year's

giving simply won't get the job done this year," he stressed. Yesterday's reports showed \$93,344 piedged since the \$272,918 tabulated a week ago, bringing the current total to \$366,262.

I TO BURNING THE STATE OF THE STREET

MADISON-VENICE— an additional \$1,224, resulting in a current figure of \$7,844.

MAILTELEPHONE— another \$7,363 reported for a division total at present of \$9,568.

\$366,262
Division reports included:
INDUSTRIAL—\$55,541
sided, for a division total of
BUSINESS—\$8,017 more, for
189.731 4 forth
289.734 4 forth
289.734 2 forth
289.735 2 fort

COMMERCIAL — \$3,050 added, aggregating \$9,851.

CIVIC—\$5,325 more, totaling \$23,441.

PROFESSIONAL— another surface and the surface

With this in mind, an appeal was issued today to all Quad-City workers, residents, businesses and groups not being directly solicited.

They may forward their checks or pledges directly to the Tri-Cities Area United Way, 2021 Edison Ave., Granite City, 111 62040. Or they may call the UW office at 677-6780 and a pledge card will be mailed to them.

"In some cases only the potential contributors know who they are," a spokesman commented, "If they will let us know, we'll get a card to them immediately."

GRANITE CITY PRESS-RECORD Page 3 Test new way of burning coal

Gov. Dan walker on Monday announced a device for cleaning announced a device for cleaning the control of the control of the carbon and the compus of Southern Illinois University and will be tested there to develop an economical way of burning Illinois coal without polluting the air.

The device—known as a "scrubber"—removes sulphur scrubber "-removes sulphur emissions that come from emissions that come from emissions that come from ullinois high-sulphur coal. Walker said use of Illinois coal will be seriously endangered unless the General Assembly

agrees to amend a bill that would have repealed the present ban on high sulphur, coal. A repeal would bring U. S. Environmental Protection-Agency standards into effect, he contended.

uct would meet the track and field regulations.

During the 1973 spring quarter the nine students remaining in the project set production deadlines and began manufacturing the initial batch of starting blocks.

Bowman had some of his batch of starting blocks.

Bowman had some of his were gratifying the results were gratifying.

The new block permits the runners to use a standing start, which places the front foot closer to the starting line while the upper part of the body actually extends over the line. The block also gives the runner more leverage amore power. Bowman found that his runners had gained as much as 3.5 feet at the end of their first stride, an important gain in races that are measured in tenths of a second. The new blocks also have a wider and longer foot rest that provides better support and is avered on the first stride, an important gain start in their most confortable, balanced position. The first sten becomes a

right lower leg in an accident at home.

Christopher Goodrich, 2, son of Mr. and Mrs. Danny Goodrich, 2432 Northbridge, sustained the injuries when he managed to remove a cap from a can of lighter fluid, spilled the cap from the fluid light leg and leet and the fluid light leg and leet and the fluid light seep the child's mother and rushed the small boy to the emergency room. A nearby pilot light may have ignited the fluid, but the actual circumstances which caused the blaze are unknown, police said.

## Campus arrests

Mark Bazoian, 19, and Robert Stephen Cummings, 19, both of Believille, have been charged with possession of cannabis by SUEF security officers. Both students at SUEE, they have been summoned to appear in Madison County Circuit Court at 10 a.m. Nov. 8. The arrests were made on camppus Oct. 19.

# treatment

Gov. Dan Walker on Wed-nesday announced a \$430 million grant program for Thinois municipalities and sanitary districts to improve their sewage treatment plants and sewer collection lines. Included are two Mdison Included are two Mdison \$4,06,090 and a No. 329-priority Metro East Regional Treatment Association.

## Pollution rules for steel firms 'unreal'

Three steel industry pollution control experies have sharply ritilicized "arbitrary and at times technologically impossible" pollution standards established under current and steel industry would long ago have established under current and according to McShane, industry would be not ago have expected in the case of an entire in the case of an entire industry would be not ago have problem "if the regulators had been able to agree on what they wished industry to do."

Earl W. Mallick, chairman of Early M. Mallick, chairman of Early the control of the case of a malliculation of the malliculat

windom, is not doing its best in an effort to meet an impossible standard."

This, he said, is irresponsible, because it tends to discourage control efforts rather than executing the said of the sai

control, William P. Medhane, director-environmental control, Wheeling-Pittsburgh Steel Corp, said, "we are forced to hastily conceive and implement plans for environmental control in a political world whose first needs, not the technical requirements. The control of the contr

"To compound the problem, the rules of the game keep changing." For over a half dozen years industry has lived in a changing world of water pollution control legislation that was both consing and conflicting. Every time we heard an automatic call for more regulation, it came as a response to regulatory failure."

failure."

McShane said AISI's
Technical Committee on
Environmental Quality Control
cooperated with the Environmental Protection Agency in
formulating "rigid but obtainable interim standards" for
wastewater discharges from
steelmaking operations.

wastewater discharges from steelmaking operations. However, he continued, EPA was required to obtain a con-tractor's report on this subject. The report, said McShane, was complete with im-practical, undemonstrated

wished industry to do."

William M. Smith, directorenvironmental control.
National Steel Corp.,
discussed the American Iron
and Steel Institute's work
Occupational Safety and
Health to develop steel plant
health develop steel plant
health and safety eriteria.
NIOSH already has released
14 such criteria documents.
They include criteria
covering asbestos, heat stress,
noise, carbot monoxide and
coven employes.
Smith said a significant
portion of the information used
by NIOSH to develop its coke
oven criteria resulted from the
work of a special AISI task
force.
Smith sale committees, conducted considerable research,
including an evaluation of
foreign coke oven emission
Institute committees, confuction of the committees of the conforcing coke oven emission
Smith labeled NIOSH's heat
stress criteria unrealistic in
light of data gathered by the
Institute

## Costumes need safety treatment

Hallowen costumes can turn into fire hazards unless they're treated with a fire-retarding solution. You can apply the treatment at home for only a few pennies and a few minute's effort.

few pennies and a few minute's effort.

Prepare the solution by mixing seven ounces of regular laundry bora x and three ounces of bore acid with two quarts of water. If you can't find boric acid the compared of the compare

This fire-retardent agent is temporary and does not harm cloth. Regular laundry procedures will remove it from sheets, pillowcases, towels and other washable materials. Crepe paper costumes should also be treated unless the paper was made fire-resistant before it reached retail. markets, Check the label for the treatment.

Check the label for the treatment.

Place paper costumes of hongers of they can hang free. Apply the solution with a spray, and let the costumes dry completely before children Salt crystals from the solution will probably form, but they will glisten and add an extra touch to the odditi.

THE NATIONAL GUARD

# There are 13,000 plus Guardsmen in Illinois

SPRINGFIELD — Ques-tion: When is a veteran not a veteran?

Answer: When he's a mem-ber of the National Guard.

Webster defines a veteran as "a person who has served in the armed forces." Howev-

er, the federal government has a little different version. "A serviceman is not con-sidered a veteran unless he has served a certain amount of continuous time in the armed forces," explained Maj. Carl O. Johnson of the

## \$1,160,000 vocational aid in area

Illinois schools have been paid a total of \$34,227,375 in state and federal funds as reimbursement for vocational and technical education programs for the 1973 fiscal year, State School Supt. Michael J. Bakalis has announced.

nouncéd.

The money, half state and half federal funds, is paid annually to public school districts and the region of the region of the region of the regional programs, and is used for program operation, equipment, professional and curriculum development, research activities, and special projects.

Last year, \$31,20,260 was paid in reimbursement.

ist year, \$31,202,960 was Chicago meeting

Members of the Venice Board of Education will attend the annual convention will attend the annual convention will attend the annual convention of School Boards in Chicago, Nov. 17 to Nov. 19, it was decided at last week's many convention of the co paid in reimbursement.
Reimbursement is calculated on the basis of high school, junior college or university credif generated, or in the case of adult programs, of hours of instruction.

instruction.

The reimbursement is designed to offset the extra cost of vocational programs and to encourage schools to offer more Illinois vocational-technical programs; only about 20 per cent or fewer jobs available require baccalaureate-level education, Dr. Bakalis has noted.

education, Dr. Bakais memoied.

The reimbursement is made in his capacity as executive of the Division of direct of the Division of Division of State Board of Vocational Education and Feabilitation; 324,703,369 of the money has been paid to clementary and secondary schools, and \$8,846,437 to junior colleges.

clementary and secondary choose, and \$8,684,943 to junio-colleges.

Secondary and \$8,684,943 to junio-colleges.

As paid to universities, \$255,429 for contracts with agencies other than public institutions, \$130,307 to the Department of Children and Family Services, \$482,268 to the Charlest Children and Family Services, \$482,268 to the Papartment of Mental Health.

Public schools in Madison County received \$823,315 and, Countern Illinois University at Edwardsviller was paid \$33,102.

Edward internship work in vocational administration.

Assistant Supt. Robert N. Vickers said SIUC will reimburse the Venice district a total of \$855 to cover cost of releasing Ponce from regular teaching duties for a two-hour period each school day to complete supervised training within the district in the vocational adtention of the district in the vocational extensible will continue for the balance of the current school year. Vickers said. Requisitions approved, included purchase of text-books, costing \$786, and a film strip and record player, amounting to \$120, both from Title I funds for the Trainable Mentally Handicapped class.

## Burglars loot

tavern machines

A rear door window was broken by thieves to gain entry into Hoppes Tavern, 2807 Edwardsville Road, the owner, reported Tuesda at 8:30 a.m. Stolen were \$31 cash from the register and an undetermined amount of change from a pool amount of which had been peried open.

machine, all of which had been pried open. An inventory is being taken to discover if a quantity of whisky is missing, the owner said. A colored television set had been moved and left by a rear door, he noted.

UNHAPPY ENDING to a sunny day ride with the down occurred this week on Nameoki Road when top down occurred this week on Nameoki Road when the auto at right, leaving Nameoki Village Center, and The southbound convertible collided. Michael T. McConald and his passenger, Donald Soden, both

## North festival in full swing GRANITE CITY PRESS-RECORD Thurs., Oct. 25, 1973 Page

The first fall feetival of Granite City High School-North was in full swing today as the student body prepared to present the school's first play and to crown the feetival king and queen in ceremonies tonight.

and to crown the festival king and queen in ceremonies tonight. Here-day festival program opened yesterday with operation of a series of "fun hooths" in the school cafeteria. The booths were operated by various school organizations between 3:30 and 5:30 p.m. to acquaint students with the acquaint students with the acquaint students with the and their activities. The school's first theatre production, "You're a Good Man, Charlie Brown," is to be presented at 8 p.m. today in the crowning of the king and queen, and hoors sought by nine cannot be supported by secret and the school gymn, followed by the crowning of the king and queen was made by secret ballot of the students last week, but the choice is to remain secret until tonight's announcement.

Scarborough, Barbara Siebert, Gerry Sudholdt and Donna Voss. Seeking selection as king were Steve Demarce, Rick Dickerson, John Hursey, Jeff Larner, Russell Lewis, Dave Lindsey, John McMillon, Larry Endeys, John McMillon, Larry App assembly at the school will be held Pridiay afternoon in an effort to inspire victory over bethalkt in the football game at 8 p.m. The game will be played on the GCIRS-South Pield on the GCIRS-South Pield and and advanced mixed chorus will play and sing the new school song for the first time.

Robert D. Todoroff, North band director.

The three days of activities will close with a dance in the North school cafeteria from 10-pm. until midnight on Friday. "Fresh." formerly known as the "Third Street Exit," will play for the dance. John Lindsey dies at 48

John Phillip Lindsey, 48, of Litchfield Nursing Home, Litchfield, Ill., a former resident of Madison for 46 years, died at 9 a.m. Tuesday at the Litchfield Hospital where he had been a patient one day. He was born in Jacksonville, Ill., and lived in Madison until two years ago when he entered in the heart of the Air Products and of the Air Products and of the Air Products and Chemical, Inc., in Madison. A Navy veteran of World War

II, Mr. Lindsey was a member of the Veterans of Foreign Wars Post in Staunton and the Venice-Madison American Legion Post

Jack Etzel, a St. Louis radio personality and 1952 Granite City High School graduate who wrote the song, will direct the band and chorus, according to Robert D. Todoroff, North band

Madison American Legion Post 307. Survivors include two brothers, Charles A. Lindsey of Cleveland, Ohio, and Raymond Miller of Iberia, Mo.; three sisters, Mrs. Gerakline Aber-nathy of Madison, Mrs. Alene hand the City of Cantine City. Lee Butler of Grantie City. Funeral arrangements are given in the obituary column.

## All lose when school lacks a climate conducive to the learning process

Il lose when school lacks a climate of As this was being written, activity at Madison High School had stabilized and students representing a cross-section of the enrollment were conferring across a conference table on ways to achieve a more harmonious relationship.

This is an approach that not only can prove effective but also can advance the educational process.

Learning to get along with other individuals and to cope with the diverse demands and pressures of life are an important element of the experiences and instruction through which young people learn to shoulder adult responsibilities.

One of the chief points that people with the inherent right of their fellow men to live safely and peacefully and

live safely and peacefully and without fear.

The rocks and stones hurled back and forth Oct. 19 were fraught with far more than physical peril, although the danger of serious injury was very real.

There was good news and bad news in Army Secretary Howard H. Callaway's report to Congressman Melvin Price on the status of the Granite City Army Installation (St

It is a large and unjustified step to go beyond the law and beyond the golden rule (acting toward others the way one would like others to treat him).

When those who are content with When those who are content with some conditions resort to violence to improve other conditions, they risk losing what they like as well as what they dislike. And they are tampering recklessly with the always fragile fabric of civilization, substituting for it anarchy and "survival of the fittest".

Madison High School students Madison High School state of the have short-changed themselves for too long by contributing to the kind of tensions which deprive them of a school climate in which rapid educational advancement and an enterprise of the are not only

educational advancement and an enjoyable social life are not only possible but likely.

This year, this month, this week, it is vital that they fully come to grips with the cancer of antagonism that has best MHS and eradicate it once and for all.

## Possibility of leasing fine facilities at Army base is worth exploring

Louis Area Support Center). Limited utilization of the former Depot will continue, but only that. The bad news is that the Army plans to perpetuate the gradual deterioration of the many other ex-cellent warehouse, processing and office facilities. It will let them stand

my base is worth exploring idle, continuing to rate them as non-surplus" so that they cannot be sold to private industry or to some other government agency.

The good news is that Uncle Sam now will consider possible lease proposals. Whether this will prove to be feasible is unknown, but the prospect ought to be explored.

The outstanding physical assets that once housed thousands of workers deserve a better fate than to be ignored.

## FAA can and should decide now to proceed with Columbia regional airport

Comment by St. Louis Post-Dispatch—The Federal Aviation Ad-ministration appears to be taking a properly cautious view of the proposed master plan for develop-ment of Lambert Field, particularly in that the cost of the plan has in-creased to \$452,000 from the \$300,000 estimated last spring. The FAA would pay two-thirds of the amount, and ought to be sure the project is worth it.

worth it.

Some days ago a delegation from the St. Louis Airport Authority and the Missouri-St. Louis Airport Authority waited on the FAA in Washington and urged the agency not to act on the proposed new airport at Columbia Waterloo, Ill., until it could be shown in the Lambert master plan whether expansion of Lambert was feasible. The FAA

made no commitment on this, which is just as well. For in fact the Columbia-Waterl oo (III.) plan and the proposed Lambert master plan are proposed Lambert master plan are quite different. Since it is certain that Lambert cannot be expanded sufficiently to obviate the need for a big new regional airport, the purpose of Lambert planning is to keep the field operating effectively in the eight or 10 years the east side airport is under construction, and after the time at which Columbia-Waterloo becomes operational

In other words, the FAA can and should make the decision on Columbia-Waterloo now so that the plan for Lambert's future can take the east side facility into account. How much needs to be spent on this relatively

needs to be spent on this relatively minor plan is another question.

# Dilemma on college

Following is a partial text of comments to the Illinois Community College Board staff by Leo H. Konzen as chairman of a junior college Staff y committee formed by the Tri-Cities Area Chamber of Commerce outlining problems encountered in the contract of the contract of the contract of the contract of the college Staff in th

real estate taxes are going to be imposed for higher education purposes imposed for higher education purposes. The property of the property of

formed by the Chamber of Commerce clearly supported a petition for a new college for our area.

We misc limitations that we will be considered to the fine facilities and educational opportunities for adults that have existed in our area for many years.

We were not now keep and of the fine facilities and educational opportunities for adults that have existed in our area for many years.

We were not now keep and the two could serve our area farther than any other existing Junior College District.

Together with a good, solid consortium with the SIU campas in Edwardsville, we felt consortium with the SIU campas in Edwardsville, we felt with the state of the staff's recommendations. The Board has set forth a minimum criterion which exceeds the state's statutes, and the staff's recommendations rather than the statute.

If the staff wishes to use the criteria as an element only and not as an ultimate law, it would be helpful.

Slimply becomes an exceeding the staff's recommendations with the staff's recommendations that the staff wishes to use the criteria as an element only and not as an ultimate law, it would be helpful.

Slimply becomes an exceeding the staff wishes to use the criteria, but would be far from able to maintain a Class-I Junior College.

It would seem to us that a law of the staff is the staff is the criteria, but would be far from able to maintain a Class-I Junior College.

It would seem to us that a law of the staff is the staff is the staff is the criteria, but would be far from able to maintain a Class-I Junior College.

It would seem to us that a law of the Board, would make a solid junior college district, however, that appears not to

the Board, would make a solid junior college district; however, that appears not to be the future of this area. I. personally, believe this is a sad mistake and is one made due to time pressures of prockethook of the state. Neither of these are proper foundations to fix the basis for future governmental ser-vices.

vices. The committee of the Tri-Cities Area Chamber of Commerce

has adopted as a reluctant second choice the annexation to Belleville.

This was approved by directors of the Chamber in October.

October.

A straw vote in this community also was conducted.

sense of utilizing the facilities, land and faculty at SIUE. As you also know, your staff indicated that they see were could be supported by the staff of the staff

then, and only then, will they consider what they can and will do for us.

If the consider what they can and will do for us.

The service of that the people's needs are served.

served.
I concur wholeheartedly with vou that a district of Collinsville, Edwardsville and the Tri-Cities area, utilizing the land and the facilities at SIU, made a great deal of common sense.

sense.
Our area would readily understand and accept such a proposition.
Proposition.
In the proposition of t

us.
I request that no "tentative" recommendation be made by your staff on our assignment at the Nov. 16 meeting of the Roard

the Nov. 16 meeting or the Board.

My reasoning is simple: It appears clear that our three local school boards will adopt referential resolutions in favor of Belleville soon.

The next meeting of the Illinois Board is Nov. 16, and the Belleville board meets Nov. 21.

In other words, the Illinois Community College Board will meet and act on our petition and meet to consider tentative assignments before the Belleville board can meet to consider our preferential resolutions.

Your guidelines have been in existence for a long time and gave us till Dec. 1 to adopt the resolutions.

To publicly consider our assignment in November will be pre-empting the rights and timetable your board promulgated for us to live by.

We have attempted to live by them, and any announcement of our assignment before Belleville can act would be prejudicial to our area.

## Illinois counties named for history, Indians

What's in a name?

At least that's the case if the subject pertains to the names of lillinois counties. Careful lillinois counties. Careful not four of the 102 counties fall not the categories. Camberland county, located in south central Illinois, was named after Cumberland Road.

Manager of the 102 counties fall not help to the 102

Bureau, Effingham and Fulsaki owe their appellation to foreign dignitaries. Bureau takes the name of Pierre de Bureo, a French-trader, Effingham who resigned his post in the British Army rather than fight the Colonies in 175.

A Polish count, Casimir Pulsaki, lent his name to the was a Polish cover who was a Polish hero who was a Polish hero who was here.

Indian heritage has become the "in" thing in recent years. Persons in Macoupin, Peoria, Sangamon, Iroquois, Wabash and Winnebago can take pride in the fact that their county names are derived froom Indian nomenclature. Borrowing names also to be common practice. For example, the common practice, and the common practice. For example, the common practice, and the common practice, and the common practice. The came and the freshucky counties, while Williamson took that of its Tennessa Counterpart. The

while Williamson took that of its Tennessee counterpart. The Chio counties of Richiand and Champaign were influential in anned after Kentucky counties. Bodies of water mitheneed the derson and Vermilion counties. These took the name of rivers running through the area. Saline was named for Saline Creek. And last but not least, Rock Island assumed the name of a nearby island.

## Army pay ratings higher

Higher pay ratings are valiable to U.S. Army recruits, workers an opportunity to be precing to Sergeant First Lacs Thomas Sparks and Sgit Caralite City recruiting office. A 6.14 per cent pay raise became effective this month, roveding a \$1280 per month base bay for new recruits, they said. In addition, a new edistance of the company o John Keene, recruiters at the Granite City recruiting office. A 6.14 per cent pay raise became effective this month, providing a \$328 per month base pay for new recruits, they said. In addition, a new enlistment

obtained at 876-5950.

## Continuing education planned for nurses

Ina Ingwerson, newly apointed director of the continuing education program in the School of Nursing at Education of Nursing at Education for the School of Nursing at Education for the School of Nursing at Education program in the School of Nursing is also a new program this year. Mrs. Ingges of its development. "Right now I am contacting people at hospitals to find out what their needs are," Mrs. Ingwerson said. She does, however, have four basic goals she would like to see achieved. "We need to have qualified teachers, good course content and a supplied to the said. Mrs. Ingwerson has been on Mrs. Ingwerson said. She does, however, have four basic goals she would like to see achieved. "We need to have qualified teachers, good course content and an evaluation mechanism," she said. Mrs. Ingwerson has been on

well-developed objectives and an evaluation mechanism," she and a second of the second

his or her license renewed every year, but is not required—in Illinois and in most states—to liggrade skills through a program of continuing education.

Mrs. Ingwerson said at the present time there are only two states (California and New years) and the continuing education.

The field of medicine is always in a process of change, according to Mrs. Ingwerson, and nurses must keep upgrading their education in many areas, such as the study classification of the continuing education in the study of the continuing education in the study of the continuing education in the School of Nursing at SIUE will be structured around ten hours of participation in an organized continuing education exheld this quarter, and Mrs. Ingwerson is aiming for course offerings in the program in the winter quarter.

## Price backing Sr. Volunteers, petroleum allocation system

On Thursday, Rep. Melvin Price papeds on the House from in favor of a three-year extension of the Environmental Education Act. The local congressman told his colleagues that "the ecology movement must and substantial education for a lasting commitment."

Rep. Price and environmental education for a lasting commitment."

Rep. Price said environmental information in St. Louis, funded by the Office of Environmental Information in St. Louis, funded by the Office of Environmental Education last year.

Education last year.

Education last year, "has brought members of the United Auto Workers and Teamsters Un'as together with environmental writers and scientists to idently special environmental information and evelop the educational material necessary to meet those needs."

Rep. Price called for more of the same type of educational structure for spreading information the prevention of the same type of educational structure for spreading information the second weeking the same type of educational structure for spreading information the second weeking the same type of educational structure for spreading information the second weeking the same type of educational structure for spreading information the second weeking the same type of educational structure for spreading information the second weeking the same type of educations and the same type of educations assure that available supplies are shared equitably among all scientists to the same type of educations assure that available supplies are shared equitably among all scientists to the American produce to the American program when allows senior titters to domate their time to committee for the Retire Science Supplies and committee for the Retire Same which allows senior titters to domate their time to committee for the Retire Same which allows senior titters to domate their time to committee for the Retire Same which allows senior titters to domate their time to committee for the Retire Same section of the senior time section of the same type of education and the sect

## Tragedy of heroin-afflicted babies being partly solved

Copley News Service
Syningfield-Mary is four months pregnant. She is also a heroin addict. Chances are her baby, if not spontaneously aborted or stillborn, will face now hand in widther award or death. He will be small and likely, rives all of these obstacles odds are the child will never be raised by Mary. A hopeless situation?

Not necessarily. Especially if Not presently especially if the control of the c

years, and it's story is one of hope.

"When we first opened the program in 1968, we were surprised when some applied," explained Dr. John Chappel, chief of the IDAP's psychiatric staff. "We didn's believe many heroin addicts became pregnant."

The first 14 addicts were treated under a "withdrawal"

treated under a "withdrawal" program, and two-thirds of them dropped out. physician are streeded, "Davis said.
"During the follow-up period, we alert the pediatricians to possible meenatal symptoms and try to work with the hespital and try to work with the hespital and the staff."

In the past, doctors and social and the staff."

In the past, doctors and social and the staff."

In the past, doctors and social mothers, according to Davis. However, the staff members attempt to skill the mother, if she si capable, in taking care of the child. In the state of the staff o

Burglars cause

Burglars cause
damage at home
The home of Kathleen Stuart,
2218 Washington Ave., was
damaged by water and a
Polaroid camera, valued at \$75,
was stolen in a burglary
report at \$1.55 a.m. Tuesday,
knocked out to gain entry from
a rear porch and the entire
house was ransacked. The intruders then pulled a garden
hose through thebroken window
and turned on the water,
causing considerable damage,
she said.

FREE TOUR LITERATURE AT HOLIDAY SERVICE

#### Dixon plan intended to aid elderly

State Treasurer Alan J. Dixon

State Treasurer Alan J. Dixon on Tuesday announced a new Community Service Program to be administered by his office to be administered by his office to citizens of Illinos.

The new program will permit more money to be deposited in banks offering these services:

1) Free checking accounts for elderly and handicapped persons with no minimum bank balance or service charge savings account is required, it must also be free of minimum balance limitations.

2) Service-free money order.

3) Free advisory andor free accounting services.

4) Free public or private transportation to and from a balance limitation and from a balance limitation of the services of the service

bank.
5) Direct pension and-or Social Security check deposits.
6) Senior citizens' social activities sponsored by the

activities sponsored by the bank.

"I know that there are some banks which how perform some of these services," Dixon said in Peoria. "However, I want to enlist the support of as many as possible — in as many area of the state as possible — to aid the greatest number of aged and or handicapped persons as andicapped persons as

handicapped persons as possible."

The state treasure noted that he has 13 other factors—in addition to the program for the delerity or handicapped—which his office considers in making deposits to banks under the Community Services Program. These included deposits to the Community Services Program of the Community Services program to the community Services program to have a considerable and the community of the community Services of the community of the communi

authority in Illinois: guarantee loans to small businesses under the Small Businesses under the Small Business under the Small Business and the small business to the small business and the small business and ministration loans; residential financing by the Federal Housing Administration and Veterans Administration; economic opportunity loans under the SBA; construction financing for SBA; construction financing for the National Housing Act; loans for housing and urbari development projects and community improvement loans. Dixon added, "For the first time in history, my advantable penny. There is no such thing, any more, as increast free money in the state treasurer's office. Because of increased money made on state deposits, more funds are available for community services programs."

#### Search is on for state education board members

education boo

The search is now on.

A special blue ribbon panel
has been chosen by Gov. Daniel
Walker to search for persons
who will be willing to serve as
members of illmois' first State
Board of Education. Named to
Board of Education. Named to
Robert E. Brooker of Check
Gov.
The new state board of
education, which begins full
operation in 1975, was created
during the spring session of the
General Assembly. The General
Assembly was mandated to
Assembly was mandated to
oversee public elementary and
secondary schools by the 1970
constitution.

Higher education will continue under the present system.
Several boards govern the
continue under the present system.
Several boards govern the
ducation also will take over the
duties which have been performed by the state school
superintendent. By 1975, the
lilinois state school superintendent. By 1975, the
lilinois state school superintendent. By 1975, the
form of the state's chief
school officer.
The board after it has been
fice, No longer will Illinoisans
cast a vote for the state's chief
school official. It is expected that the board will take
some time in selecting such a
person.

In all, Walker named 12

## Introducing the 1974 Volkswagen

This year buying a Volkswagen means

buying a new idea as well as a new car. The idea is called Volkswagen's Owner's Security Blanket. It's not just a war ranty because warranties don't go far enough. It's a commitment to our owners long after they've signed on the dotted

Nobody in the car business has any plan like it. Nobody seems to care enough. Or do enough. Nobody, except Volkswagen.

olkswagen. We like to think of it as Total Transpor tation because you deserve a car you can count on 365 days a year. And we believe you shouldn't have to keep paying to get

what you deserve.
From the minute you drive away in your '74 Volkswagen you'll be secure knowing you've got the world's most advanced new car coverage plan riding

vanced new car coverage prior riums with you.

Take a little time to read this and you'll find out how Volkswagen has changed the reasons for buying a new car. You'll also discover that what's behind our Owner's Security Blanket is as exciting as what's under it. as what's under it.

#### Our 12 month/ 20,000 mile guarantee.

Most car owners drive about 14,000 miles during the first year. during the first year. So what earthly good is a 12,000 mile guarantee? Volksgood is a 12,000 mile guarantee? Volks-wagen's coverage is for 20,000 miles—most car companies don't come near that.

This is our guarantee, in plain English:

'If you maintain and service your 1974 If you maintain and service your 97.4 Volkswagen as prescribed in the Volks-wagen Maintenance Schedule, any fac-tory parts found to be defective in material or workmanship within 12 months or 20,000 miles, whichever comes first (ex-cept filters and tires). Vill be propried cept filters and tires), will be repaired or

replaced free of charge by any U.S. or Canadian VW dealer

#### We guarantee against more than just defective parts.

Volkswagen's Owner's Security Blan-ket goes far beyond just guaranteeing against defects. Most car companies won't replace a windshield wiper if it

want replace a windshield wiper it it wears out. We will. They won't replace a lightbullo. We will.

Take things like brake pads and linings. As long as you have them adjusted when your Maintenance Schedule says so, we'll replace them free if they wear out. Same thing goes for clutch linings

out. Some thing goes for clutch linings and batteries.

Andspark plugs and points? We change them free at 12,000 miles and we'll honor that no matter, how long it talks you to go that distance. This is unheard of in the auto industry.

#### 24 months/24,000 miles.

24 months/24,000 miles.
We've gone one step further with the insides of our engine and transmission. We guarantee them for two years or 24,000 miles, whichever comes whichever comes first. Of course we don't cover defects caused by lack of maintenance or abuse.

#### We guarantee our repairs.

When you're running out of warranty, you're still not out of luck. We'll make the repair free and guarantee the parts and workmanship for an additional 6 months or 6,000 miles

If the repair takes overnight, we'll lend you a car. Moving right along, we're mitted to keep you committed to keep you moving. So if you're a qualified owner and you find that a warranty repair is going to take overnight, we'll lend you a free ar by appointment, for as long as the

repair takes.

(And we havent forgotten owners of older VWs. If your car needs a repair and you need a car, we'll rent you one at a nominal price.)

How many times have you heard of waiting two weeks before you can get a headlight fixed? Not at Volkswagen. With Express Care if we can fix some thing in less than 30 minutes, we'll do it while you wait. No appointment needed for these little repairs, because who needs aggravation?

3 free computer check-ups No other car maker

in the world has anything like Comthing like Computer Analysis. (They probably will some day in the future.)

Every 1974

Volkswagen can be plugged into a computer and out comes a written analysis of over 50 vital functions. Everything

or over 30 vital functions. Everlything from your engine compression down to your battery voltage.

Computer Analysis can spot things that even a moster mechanic might not see. So we can fix these things while you're still covered by our Owner's Secutiva Blanker. rity Blanket

We're in this together.
We made the car You own the car So we're in this together. As long as you maintain your new Volkswagen prop-

erly well do most of the worrying for you.

That's what Volkswagen's Öwner's
Security Blanket is all
about—anceyou're a Volkswagen Owner, we're not
gaing to leave you out in
the cold.

See your local authorized Volkswagen Dealer.
